

Cybersecurity & Privacy Innovation Forum

SAVE THE DATE: 28th & 29th April 2015

Location: Brussels, Belgium

Venue: MCE conference centre Brussels

The Cybersecurity & Privacy (CSP) Innovation Forum 2015 is organised by the European Commission, DG CNECT (Unit H4 Trust & Security) and the CSP Forum.

This event will include DG CNECT H2020 informational sessions relating to 'Digital Security: Cybersecurity, Privacy & Trust' calls in 2015 (DS-03-2015, DS-04-2015, DS-05-2015 DS-07-2015).

(Event Supported by A4Cloud, ATTPS, IPACSO, PRIPARE, SecCord, SECURED, & TREsPASS projects)

Is Cyber Security & Privacy core to your business or academic activities, then this 2 day Cyber Security & Privacy (CSP) Innovation Forum 2015 cannot be missed.

CSP Innovation Forum will provide a unique opportunity for like minded Industry, academics, policy makers and business investors to come together for fruitful networking opportunities.

This 2 day event is where real Cyber Security & Privacy research success stories, future upcoming challenges/research priorities and opportunities for investment stemming from mature research activities will be highlighted and discussed in depth. Chat directly to the European Commission project and policy officers in this domain, meet face to face with the researchers of current EU FP7 Trust & Security funded research projects. View their demonstrators and innovative outputs in the dedicated Exhibition booths.

The CSP Innovation Forum track sessions will include EC H2020 Digital Security 2015 open call info sessions, opportunities for networking, proposal brokerage sessions, overview of Trust & Security Research portfolio/Success Stories, hot topical track sessions in the Cyber Security and Privacy domain, live demonstrators at the Exhibition area and lots more....
